SOFT SKILLS

Adaptability | Teamwork | Attention to detail | Time management

PROJECTS

Library Books Management Website | Link (April, 2025)
Technologies Used: HTML5, CSS3, JavaScript

- Developed a responsive and user-friendly web interface for managing a digital library. The website features a dynamic search bar, category filtering (Fiction, Non-Fiction, Mystery), and a cart section to add selected books.
- Designed using Bootstrap grid layout, fixed navigation, and side panels. Used styled book cards, hover effects, and gradients for a modern UI/UX experience.

Car Wash Service Website | Link (February, 2025)
Technologies Used : HTML5, CSS3

- Developed a responsive and user-friendly static website for a car wash service using HTML and CSS. The website includes multiple pages such as Home, Services, Booking Form, Contact Page, and Sign-In page.
- Integrated semantic HTML elements, media (images, video), tables, and lists to enhance structure and presentation.
